Code Administrators Code of Practice (CACoP) Update

This paper provides an update to the DCUSA Panel on the work being undertaken by the CACoP Group.

1. Background

1.1 The CACoP was established following Ofgem's Code Governance Review in 2015, with the aim of ensuring a consistent approach and level of service is delivered by all Code Administrators. The CACoP contains 14 principles to facilitate convergence and transparency in all aspects of Code Administration, particularly focused on ensuring ease of understanding and engagement with the Code change processes. CACoP promotes accessibility, working to improve regulatory engagement with all parties operating in the energy market as well as considering consumers interests.

1.2 This paper is produced by the DCUSA representative on the CACoP Group, to update the DCUSA Panel on meeting discussions and actions arising.

2. Update

2.1 **2021 Forward Work Plan (FWP):** CACoP has agreed their 2021 FWP and this can be found in attachment 1. The FWP will include items such as CACoP website development, embedding consumer benefit analysis approach and development of a consistent approach to identifying cross-code impacts.

2.2 **Newsletter:** The latest CACoP newsletter was released in January 2021 and can be viewed by using the link within the CACoP Communication Matrix which can be found in Appendix 1 of this paper. The next newsletter is scheduled for April 2021.

2.3 **Central CACoP Website:** Development of a CACoP website has now been approved by all codes and updates will be provided on the progress of this development over the coming months.

2.4 **Annual Ofgem Cross-Code Survey:** Ofgem is currently reviewing the possibility of releasing the survey this year.

3. Action

3.1 The DCUSA Panel is invited to:

- **NOTE** the content of this paper.
