PARTY	SOLUTION (A / R)	IMPLEMENTA TION DATE (A / R)	WHICH DCUSA OBJECTIVE(S) IS BETTER FACILITATED?	COMMENTS
DNO PARTIES				
Electricity North West	A	A	We agree with the Proposer's assessment that General Objective One is better facilitated by DCP 290 because although this change impacts Schedules 16,17 and 18, it is not a change to the methodologies but a housekeeping change to correct references to the model.	
Northern Powergrid (Northeast) Ltd	A	A	General objective four is better facilitated by this change, by aligning the model reference in schedules 16, 17 and 18 to the PCDM model introduced by DCP 234.	Not at this time.
Northern Powergrid (Yorkshire) plc	A	A		
SP Distribution	A	A	General Objective 1 – housekeeping change.	
SP Manweb	A	A		
Southern Electric Power Distribution plc	A	A	We believe that General Objective 4 is better facilitated as this Change seeks to ensure that correct references to the PCDM are made in the Charging Methodologies.	
Scottish Hydro Electric Power Distribution plc	A	A		
Eastern Power Networks	A	A		

London Power Networks	A	A	We believe that DCUSA objective one is better facilitated by this change which impacts Schedules 16, 17 and 18. This change is not a change to the methodologies but is merely a housekeeping change to correct references to the model.	
South Eastern Power Networks	A	A		
Western Power Distribution (East Midlands) plc	A	A	We agree with the Change Report that this change better facilitates General Objective 1.	None
Western Power Distribution (West Midlands) plc	A	A		
Western Power Distribution (South Wales) plc	A	A		
Western Power Distribution (South West) plc	A	A
