Business Justification and Market Benefits	
<p>Tidying up of the DCUSA document to aid comprehension.</p> <p>Item 66 DCUSA Document. General review. To correct housekeeping issues identified which have been introduced by legal text and the numbering of the tables and figures. To correct typos and page numbering issues within the DCUSA document e.g. page numbering errors in Schedule 16 &amp; 17, and Part 2B. Under clause 42.6 it is noted that 'clause' is misspelled.</p>	

Item 72

DCUSA Clause Numbering. DCP 142 'Using D2021 for all invoices/credit notes introduces a clause number 21.6 where there is no clause 21.5 preceding it. For clarity, Clause 21.5 has been inserted with the words "Not Used" for the October DCUSA release. Delete clause 21.5 and re-number the inserted 21.6 as 21.5 to maintain consistency within the DCUSA

Item 73

Gas Supplier Parties Definition. DCP 127 introduced a Gas Supplier Parties definition in to DCUSA Section 1A Definitions. This definition contains the plural 'Parties' rather than the singular 'Party' as recorded in the other party. In order to maintain consistency within the document, change "Gas Supplier Parties" to "Gas Supplier Party" (see DCUSA Panel Paper 088/11).

Item 77

Misleading references in Schedule 23 - Amend the DCUSA to clarify the references made to Appendix 3 instead of Appendix 2 in Schedule 23.

Item 80

Reformat Schedule 22 to be consistent with the rest of the DCUSA document.

- 3 that compliance by each DNO Party with the Charging Methodologies results in charges which, so far as is reasonably practicable after taking account of implementation costs, reflect the costs incurred, or reasonably expected to be incurred, by the DNO Party in its Distribution Business
- 4 that, so far as is consistent with Clauses 3.2.1 to 3.2.3, the Charging Methodologies, so far as is reasonably practicable, properly take account of developments in each DNO Party's Distribution Business
- 5 that compliance by each DNO Party with the Charging Methodologies facilitates compliance with the Regulation on Cross-Border Exchange in Electricity and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.

### General Objectives:

- 1 The development, maintenance and operation by the DNO Parties and IDNO Parties of efficient, co-ordinated, and economical Distribution Networks
- 2 The facilitation of effective competition in the generation and supply of electricity and (so far as is consistent therewith) the promotion of such competition in the sale, distribution and purchase of electricity

- 4 The promotion of efficiency in the implementation and administration of this Agreement
