## 1 Summary

### What?

The address for the ENA in Schedules 2A and 2C need to be changed.

### Why?

Because the ENA is moving office.

### How?

Update Schedules 2A and 2C to quote the new address.

## 2 Governance

### Justification for Part 1 and Part 2 Matter

The DCUSA Panel has directed that this CP should progress to the Change Report phase as a Part 2 matter and be treated as a Standard change.

## Requested Next Steps

This Change Proposal should:

- Be treated as a Part 2 Matter
- Be treated as a Standard Change
- Proceed to the Change Report phase

## 3 Why Change?

The ENA is moving offices over a phased period. Post will be redirected. Supplier contracts are obliged, via Schedule 2A, to direct customers to methods by which they can obtain the NTC and writing to the ENA is one of them. The address is also quoted in Schedule 2C. Therefore, the address should be updated.

## Part B: Code Specific Details

## 4 Solution and Legal Text

### Legal Text

**AMEND SCHEDULE 2A AS FOLLOWS -**

#### **SCHEDULE 2A – MANDATORY TERMS FOR CONTRACTS**

The following wording is to be included in Contracts in accordance with Clause 17, and the text shown in bold below must be set out in bold in the Contracts (or highlighted in some other similar manner):

#### **National Terms of Connection**

Your supplier is acting on behalf of your network operator to make an agreement with you. The agreement is that you and your network operator both accept the National Terms of Connection (NTC) and agree to keep to its conditions. This will happen from the time that you enter into this contract and it affects your legal rights. The NTC is a legal agreement. It sets out rights and duties in relation to the connection at which your network operator delivers electricity to, or accepts electricity from, your home or business. In the case of some non-domestic sites, as further described in the NTC, the NTC provide for the continuing application of site-specific connection terms agreed with a previous owner or occupier of the site. Your network operator will be able to tell you whether or not site-specific connection terms exist. If you want to know the identity of your network operator, or want a copy of the NTC or have any questions about it, please write to: Energy Networks Association, **1st Floor, 4 More London Riverside, London, SE1 2AU 6th Floor, Dean Bradley House, 52 Horseferry Road, London SW1P 2AF**: phone 0207 706 5137, or see the website at [www.connectionterms.co.uk](http://www.connectionterms.co.uk).

**AMEND SCHEDULE 2C AS FOLLOWS –**

3. The National Terms of Connection are available in writing from the Energy Networks Association, ~~1st Floor, 4 More London Riverside, London, SE1 2AU 6th Floor, Dean Bradley House, 52 Horseferry Road, London SW1P 2SF~~, or from the website at [www.connectionterms.co.uk](http://www.connectionterms.co.uk).
