PARTY	SOLUTION (A / R)	IMPLEMENT ATION DATE (A / R)	WHICH DCUSA OBJECTIVE(S) IS BETTER FACILITATED?	COMMENTS
DNO PARTIES				
SP Distribution plc	Accept	Accept	We agree that the change has a positive impact on General Objective 4 as it provides a contact for industry in relation to reporting theft.	None.
SP Manweb plc	Accept	Accept		
Northern Powergrid (Yorkshire) plc	Accept	Accept	We feel DCUSA general objective 4 is better facilitated by this Change Proposal as the requirement for Supplier theft contacts and only assist in the promotion of efficiency in the implementation and administration of this Agreement and the arrangements under it.	This will ensure the relevant information relating to energy theft is passed to the correct contacts.

British Gas	Accept	Accept	We agree the proposal better facilitates the DCUSA General Objective 4 as this change will help to provide Parties with the correct Supplier theft contacts. The register will also help Suppliers meet their licence obligation to inform the gaining Supplier of suspected theft of electricity where a Change of Supply takes place.	
EDF Energy	Accept	Accept	n/a	No comments provided
ENGIE Power Limited	Accept	Accept	The proposal better facilitates objective 4 as this will help to provide parties with the correct theft contacts providing improved efficiency to the theft reporting and investigation processes.	We strongly support this change as it will increase the likelihood of us receiving timely theft intelligence from losing suppliers and DNOs, also making it easier to liaise with other parties on theft issues.
First Utility Ltd	Reject	Reject	General Objective 4 - It is difficult see the efficiencies gained from only compiling a central register of contacts	First Utility believes the issue of communication between DNO's and suppliers, or between two suppliers, does not require a new register. Also, the change proposal has not mapped out the potential impact to existing processes, or wider impacts that could reduce overall theft efficiencies.
