

**DCP 337: Draft Legal Text**

**Housekeeping Issues**

**Amend Clause 1.1 as follows:**

**Nominated** means the independent person notified as such to the IDNO Parties  
**Calculation Agent** from time to time, such person to be agreed between the DNO Parties (or, in the absence of unanimous agreement, the majority of the DNO Parties) and appointed by the DNO Parties for the purposes of Clauses 42.12 and 42.13 and Schedule ~~1629~~.

**Amend Clause 42 as follows:**

42.12 The User shall (if it is an IDNO Party) provide to the Nominated Calculation Agent such data concerning each of the User's Systems as may reasonably be requested in order that the Nominated Calculation Agent can calculate the "HV split" and/or the "LV mains split" (as each such expression is defined in Schedule ~~1629~~). The User shall provide such data during October each year, and shall provide such data in such reasonable format as the Nominated Calculation Agent may request.

42.13 The Company shall (if it is a DNO Party):

42.13.1 procure that the Nominated Calculation Agent is appointed on terms that require the Nominated Calculation Agent to keep the information disclosed to it pursuant to Clause 42.12 and this Clause 42.13 confidential, and to not use such information for any purpose other than calculation of the "HV split" and/or the "LV mains split" (as each such expression is defined in Schedule ~~1629~~); and

42.13.2 provide to the Nominated Calculation Agent such data concerning each of the Company's Systems as may reasonably be requested in order that the Nominated Calculation Agent can calculate the "HV split" and/or the "LV mains split" (as each such expression is defined in Schedule ~~1629~~). The Company shall provide such data during October each year, and shall provide

such data in such reasonable format as the Nominated Calculation Agent may request.

**Amend Paragraph 2 of Schedule 16 as follows:**

2. The~~is~~ Schedule 16 comprises two main parts. Part 1 describes the cost allocation rules. Part 2 describes the tariff structures and their application.

**Delete the following wording from the Glossary of Terms in Schedule 16:**

~~Revenue not to share ——— means the amount described as such in paragraph 111.~~

**Amend Paragraph 24 of Schedule 17 as follows:**

**24. LDNO CHARGING**

- 24.1 LDNOs with Distribution Systems that serve Connectees that fall within the scope of the CDCM would have their charges based on standard discount percentages applied to the CDCM all-the-way end user charges.

A LDNO with a Distribution System that qualifies as a CDCM “Designated Property” according to the definition set out in condition 13A.6 of the Distribution Licence is eligible for portfolio discounts calculated using a~~the~~ price control disaggregation model provided for under Schedule 29~~(method M) consistent with the CDCM.~~

A LDNO with a Distribution System that qualifies as an EDCM “Designated EHV Property” according to the definition set out in condition 13B.6 of the Distribution Licence is eligible for discounts calculated using an~~“extended”the~~ price control disaggregation model provided for under Schedule 29~~(extended method M).~~

**Amend Paragraph 24 of Schedule 18 as follows:**

**24. LDNO CHARGING**

- 24.1 LDNOs with Distribution Systems that serve Connectees that fall within the scope of the CDCM would have their charges based on standard discount percentages applied to the CDCM all-the-way end user charges.

An LDNO with a Distribution System that qualifies as a CDCM “Designated Property” according to the definition set out in condition 13A.6 of the Distribution Licence is eligible for portfolio discounts calculated using ~~a~~the price control disaggregation model provided for under Schedule 29~~(method M) consistent with the CDCM.~~

An LDNO with a Distribution System that qualifies as an EDCM “Designated EHV Property” according to the definition set out in condition 13B.6 of the Distribution Licence is are eligible for discounts calculated using ~~an “extended”~~the price control disaggregation model provided for under Schedule 29~~(extended method M).~~

**Amend Paragraph 1A of Schedule 29 as follows:**

- 1A. In order to comply with this methodology statement when setting distribution Use of System Charges the DNO Parties will populate the price control disaggregation model ~~(PCDM) model~~-version 1.0 when issued by the Panel in accordance with Clause 14.5.3.
