112	Definition of “Company/User” in Schedule 8	<p>It has been identified that whilst Schedule 8 contains a definitions list, the terms “Company/User” are not defined. It should also be noted that the schedules co-exist with the main body and thus you’ll usually find a reference (pointer) to the applicable schedule in the main body. In this case it is clause 31 ‘DEMAND CONTROL’ and clause 31.1 states:</p> <p><i>“In respect of Metering Points for which the User is Registered that relate to Exit Points on the Company’s Distribution System, the Company and the User each undertake to comply with Schedule 8”</i></p> <p>This clause sits within Section 2A and thus should be read with reference to the definitions set out in Clause 1 except where the definitions are explicit for the given schedule. The way this is dealt with in other Schedules with definitions lists is to include a paragraph that states: <i>“Any other words or expressions used in this Schedule (excluding headings or any parts thereof) which bear initial capital letters and are defined elsewhere in this Agreement shall have the same respective meanings as are given to them elsewhere in this Agreement.”</i></p>	DCUSA Party / Secretariat	20 February 2019	
113	Schedule 27, paragraph 11.2	In schedule 27, paragraph 11.2 it provides a list of information that the Distributor’s staff should leave the Occupier/Unregistered Consumer when leaving the premises. The first bullet point starts with “c” so it appears that “a” and “b” are missing, however this is a formatting issue and the sequence will be amended accordingly.	DCUSA Party / Secretariat	17 April 2019	Secretariat to update the bullet points under paragraph 11.2 of Schedule 27 as part of the next DCUSA release
