¹ From 1 January 2017 all DCUSA web-conference meetings will be held using Skype.

If you do not have Skype for Business on your computer, there is a free plug in available which will allow access to all of the Skype facilities during DCUSA meetings. The first time you join a Skype meeting you will be offered the option to download this plug in. Joining via Skype means that you will be able to make the phone call through your computer and see the meeting papers on screen. Note, if you don't download the plug in, you will still be able to access the teleconference via the dial in number.
