No.	Title	Summary of Issue	Originator	Date Raised	Status
91	DCP 161 Draft Legal Text 01 April 2018 DCUSA Schedule 16	<p>The Secretariat identified that the original baselined text which DCP 161 was red-lined against has changed since it was approved in October 2014 by CPs such as DCP 179 'Amending the CDCM Tariff Structure' implemented on the 01 April 2015. The following issues were identified:</p> <ul style="list-style-type: none"> <li>•The baseline DCP 161 legal text differs in Clause 81 to the currently approved legal text at Clause 81;</li> <li>•DCP 179 implemented on the 01 April 2015 replaced tables 5, 8 and 9. As a result under DCP 161 the insertion of the words 'exceeded capacity' in the other charges column of these tables is no longer possible.</li> <li>•Schedule 16 Clause 153 the text</li> </ul>	DCUSA Secretariat	20 January 2016	<p>The Panel recommended that the draft legal text as incorporated into the 01 April 2018 Charging Methodology Pre-release meets the spirit of the DCP 161 Change and can be implemented without raising a formal change.</p> <p>The Panel advised that the text 'MIC = Maximum Import Capacity' should be added to the glossary of Schedule 16 and that the changes made should have the same impact as previously intended.</p> <p>The Panel agreed for this to be added to the Housekeeping Log to keep track of this change before it is made in the DCUSA.</p>

		'MIC = Maximum Import Capacity' displays in the DCP 161 baseline legal text but no longer appears in the current DCUSA.
