Telephone Number	0141 568 3209

<b>Nature of Issue</b>	
<p>Changes to RAV values can have a material impact on Suppliers when calculating their required Credit Cover. It is crucial therefore that DNOs publish any changes to this value as soon as approved.</p> <p>The most up to date version of the RAV values was published by Ofgem on 31/03/12 but actually relates to values that were correct as at 31/03/11. We are aware of at least one DNO that has changed their RAV value since this time.</p>	

<b>Solution Overview – if known</b>	
Solution description:	Where a DNO's RAV changes, they update all suppliers within 5 days of the change.
Lead time for Implementation:
