Details of obligation(s) to which you are seeking a derogation, quoting relevant DCUSA clause(s)

Paragraph	Schedule 25, Paragraph 8
Obligation	Supplier Data

Reason Derogation Sought - details of the justification for seeking this derogation

Not yet in a position to submit data as per our initial derogation end. We have made significant steps in order to be able to submit but company priorities changed towards the time of our derogation end. We are now back in a position to begin working towards submission.

Conditions – description of the conditions of this derogation (i.e. the extent to a derogation is requested / whether a less onerous obligation will be met for the period of the derogation)

We aim to submit data by August. We therefore need a 4-month derogation where we will be unable to submit any data, within which we would be happy to submit monthly updates to any relevant parties.

Impact - details of the anticipated impact on the costs and operations of other parties:

The impact is small as we are a small domestic supplier. There will be no loss to current statistics as we are currently non-compliant.

Action Being Taken - details of the action you will take to become compliant with the obligation including dates of any key milestones associated with these actions:

Regular meetings between operations and senior staff will be held. We are happy to report on the outcome of these meetings as we are hoping these will move significantly quicker and smoother since our last derogation end. We have already made significant steps with our CRM provider during the last derogation period. The steps included how to manage the data received and the effective action we can take from the reports.

Timescales - period of time for which the derogation is sought

4 months.

Associated Derogations – details of any previous or current derogations which are related to this one

Foxglove Derogation submitted 19/07/2018.
