

DCUSA Housekeeping Amendments Log					
No.	Title	Summary of Issue	Originator	Date Raised	Status
105	Removal of applicable references to fax / facsimile throughout the DCUSA	At the November 2017 Panel meeting it was highlighted that ElectraLink no longer has a fax facility and as such questioned if a housekeeping change should be raised to remove references to fax or facsimile in the DCUSA. It is noted that there are 17 references located in DCUSA which are mostly related to Parties contacting each other and not DCUSA Ltd. Therefore, the majority of references would need to stay. The Panel agreed that the removal of references to fax or facsimile could be added to the Housekeeping Log.	DCUSA Secretariat	20 December 2017	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
106	Missing description for the term 'revenue not to share'	The term 'revenue not to share' is currently referenced in the Glossary of terms for Schedule 16 and the words describing the definition reference back to paragraph 111. Due to the recent implementation of DCP 234 'Merging the PCDM and extended PCDM', paragraph 111 was deleted and replaced with the words 'Not used.'. It may be that this term is no longer needed in Schedule 16 and can be removed, however if it is still needed then the definition will need to be amended another paragraph reference used.	DCUSA Secretariat	18 April 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
107	Updated location of references to 'Nominated Calculation Agent'	Due to the implementation of DCP 234 on 01 April 2018, there is a need to update the definition of 'Nominated Calculation Agent' as the references are no longer contained in Schedule 16 and are now located within Schedule 29 of DCUSA.	DCUSA Secretariat	05 June 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
108	Updated location of references to the definitions for "HV split" and/or "LV mains split"	The references to the definition of "HV Split" and/or "LV mains Split" are now contained in Schedule 29 of and not Schedule 16. This means that Clauses 42.12 and 42.13 need to be amended to reference the correct Schedule number. It is noted that this has come about due to the implementation of DCP 234 on 01 April 2018.	DCUSA Secretariat	05 June 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019

109	Updating the references to Model M and/or Method M in light of the new models which will be implemented on 01 April 2020.	The PCDM model references in paragraph 24.1 of both Schedule 17 and Schedule 18 are currently described using the term “method M”. It is noted that this will change when the CEPA/TNEI models come into effect on 01 April 2020. As such, we should monitor this and ensure it is amended when the time comes.	DCUSA Secretariat	05 June 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
110	Updating references to the “extended” PCDM due to the implementation of DCP 234.	The PCDM model references in paragraph 24.1 of both Schedule 17 and Schedule 18 are currently described using terms; method M and “extended” method M/PCDM. The PCDM and Extended PCDM were merged as a result of the implementation of DCP 234 on 01 April 2018 and as such the references to “extended” should be removed.	DCUSA Secretariat	05 June 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
111	Update to paragraph 2 in Schedule 16.	A change is required in Schedule 16, paragraph 2, as it refers to ‘the Schedule 16’ when every other reference is to ‘this Schedule 16.	Donna Townsend DCUSA Panel	24 August 2018	Housekeeping Change Proposal (DCP 337) raised and has been issued to Parties for voting. Outcome known on 16 April 2019
112	Definition of “Company/User” in Schedule 8	<p>It has been identified that whilst Schedule 8 contains a definitions list, the terms “Company/User” are not defined. It should also be noted that the schedules co-exist with the main body and thus you’ll usually find a reference (pointer) to the applicable schedule in the main body. In this case it is clause 31 ‘DEMAND CONTROL’ and clause 31.1 states:</p> <p><i>“In respect of Metering Points for which the User is Registered that relate to Exit Points on the Company’s Distribution System, the Company and the User each undertake to comply with Schedule 8”</i></p> <p>This clause sits within Section 2A and thus should be read with reference to the definitions set out in Clause 1 except where the definitions are explicit for the given schedule. The way this is dealt with in other Schedules with definitions lists is to include a</p>	DCUSA Party / Secretariat	20 February 2019	

		paragraph that states: <i>“Any other words or expressions used in this Schedule (excluding headings or any parts thereof) which bear initial capital letters and are defined elsewhere in this Agreement shall have the same respective meanings as are given to them elsewhere in this Agreement.”</i>			
113	Schedule 27, paragraph 11.2	In schedule 27, paragraph 11.2 it provides a list of information that the Distributor’s staff should leave the Occupier/Unregistered Consumer when leaving the premises. The first bullet point starts with “c” so it appears that “a” and “b” are missing, however this is a formatting issue and the sequence will be amended accordingly.	DCUSA Party / Secretariat	17 April 2019	Secretariat to update the bullet points under paragraph 11.2 of Schedule 27 as part of the next DCUSA release
