DCP 178 Timeline

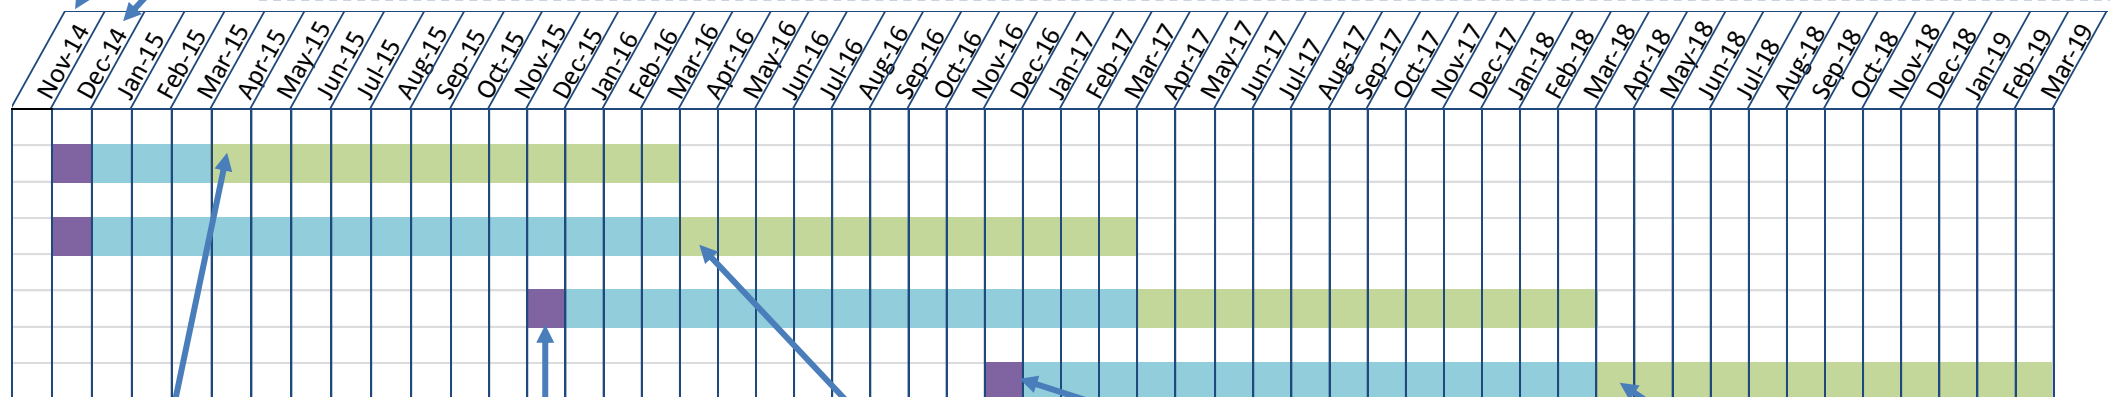

The following diagram shows when pre-release models and versions of the DCUSA document will be published under DCP 178.

November 2014 DCUSA Release - The DCUSA document is published with the DCP 178 legal text incorporated into it, i.e. DCP 178 is implemented.

December 2014

1 April 2015 and 1 April 2016 Pre-Release - pre-released models and associated pre-release DCUSA document issued for 1 April 2015 and 1 April 2016 release. This pre-release will include all approved Charging Methodology CPs that have an implementation date of 1 April 2015. DNOs will use the Models to calculate and publish tariffs for the April 2015 Charging Year. The model used to calculate tariffs for April 2015 and April 2016 will be the same version.

The pre-release is required as the charges do not come into effect until 1 April but a model is needed in advance of this for DNOs to calculate tariffs, thus this model is published as a pre-release. The model is then re-labelled on the release date to become the live model.

1 April 2015: DCUSA Release

The pre-release models are re-published as the live version. The DCUSA Document is published. Schedules 16, 17 and 18 will be unchanged from the pre-release. All other DCUSA Clauses may differ from the pre-release version subject to approved CPs.

Dec 2015: 1 April 2017 Pre-Release

Pre-released models and associated pre-released DCUSA issued for 1 April 2017 release. DNOs will use the Models to calculate and publish tariffs for the April 2017 Charging Year.

1 April 2016: DCUSA Release

The pre-release models are re-published as the live version. The DCUSA Document is published. Schedules 16, 17 and 18 will be unchanged from the pre-release. All other DCUSA Clauses may differ from the pre-release version subject to approved CPs.

Dec 2016: 1 April 2018 Pre-Release

Pre-released models and associated pre-released DCUSA issued for 1 April 2018 release. DNOs will use the Models to calculate and publish tariffs for the April 2018 Charging Year.

1 April 2018: DCUSA Release
