#### Amendments to Clause 56.1

56.1 The Panel may (subject to Clause 56.3) resolve, on the application of any Party, to grant a derogation to any Party or Parties in relation to any obligation or obligations contained in this Agreement. In resolving to grant such derogation, the Panel may impose such conditions as it sees fit, and shall specify the term, scope and application of such derogation. Derogations will normally only be granted in respect of newly introduced or amended obligations (or obligations due to be implemented in the future).
