<b>SUPPLIER PARTIES</b>				
British Gas	Accept	Accept	We agree with the proposer that DCUSA General Objective 4 is better facilitated because DCP 237 avoids any misunderstanding where the defined term 'Prescribed Period' is used should the user not check both definitions since the expectation is that there is only one. Also by waiting for the new changes to the Statutory Instrument to be released it avoids a further housekeeping change at a later date and also ensures that the user is referred to the correct version of the Statutory Instrument thereby ensuring the latest understanding of those requirements.	n/a
