## 2. Administration

---

- 2.1 The Working Group reviewed the “*Competition Law Do’s and Don’ts*”. All Working Group members agreed to be bound by the Competition Laws Do’s and Don’ts for the duration of the meeting.
- 2.2 The minutes of the last meeting were approved as an accurate record of proceedings pending the following amendment:
- Remove the word if from the below statement added to the minutes from meeting 02.
    - *‘If should the change report result in decreased credits the proposer would consider withdrawing the CP’*

**ACTION 04/01: ElectraLink to remove the word ‘if’ from the below text added to the minutes from meeting 02:**

- **‘If should the change report result in decreased credits the proposer would consider withdrawing the CP’**

- 2.3 The Working Group reviewed the actions in Appendix 1 noting the actions that have been closed since the last meeting. The Working Group had the following comments on the actions:

## 3. Purpose of the Meeting

---

- 3.1 The secretariat advised that the purpose of the meeting is to review the consultation responses.

## 4. Working Group review of DCP 284 Consultation responses

---

- 4.1 The Working Group reviewed and commented on the DCP 284 consultation responses, the collated consultation responses document capturing these comments acts as Attachment 1.
- 4.2 The following actions were captured during the review of the consultation responses:

**ACTION 04/02: Andy Pace to produce a mapping diagram between allowed revenue and the CDCM model.**

**ACTION 04/03: Andy Pace to provide argument as to why correction factors should be included within development of CP.**

**ACTION 04/04: The Chair is to review original Ofgem documents around the time of the CDCMs inception to provide clarity on the intent of what the CDCM is built to achieve.**

- 4.3 The Working Group considered the differences seen between DNOs allowed revenue, their actual capital expenditure and what comes out of the hypothetical 500MW Model.
- 4.4 The Ofgem representative suggested that a diagrammatical chart be produced to show the two opposing arguments and a depiction of the correlation between allowed revenue and CDCM model.
-

The Chair proposed that one argument can be described as the CDCM is recovering costs to achieve allowed revenue and the other argument is that the CDCM scales the cost reflective tariffs up to DNOs allowed revenues.

- 4.5 It is noted that further time is needed by the Working Group to finalise their comments on the responses the DCP 284 Consultation. It was agreed by members of the Working Group to convene on 27 March 2017 to continue reviewing the responses to the DCP 284 consultation.

## 5. Work Plan

---

- 5.1 The DCP 284 Working Group agreed that the Secretariat should amend the Work Plan and circulate prior to the next meeting. The updated Work Plan is set out in Attachment 2.
