MVV Environment Services Limited	Accept	Accept	DCUSA General Objective No 2 is better facilitated as the use of data will ensure the Secretariat's ability to establish whether a Supplier should be participating in TRAS and which TRAS arrangements the Supplier should have.	No comments provided
British Gas	Accept	Accept	We agree that General Objective 2 is better facilitated by DCP 280 as it will ensure there is effective competition in the generation and supply of electricity. It is a supply licence condition that all Suppliers with registered customers should submit data to the TRAS. Suppliers incur cost in preparing and submitting data to the TRAS and if some Suppliers are avoiding these costs this could distort	No comments provided

			<p>the market in favour of those Suppliers who have not invested in system changes to enable data to be submitted.</p> <p>We also agree that General Objective 4 is better facilitated by DCP 280 as the use of data will ensure the Secretariat can establish whether a Supplier should be participating in TRAS and determine which TRAS arrangements (e.g. the type of Hunter licence) the Supplier should have.</p>	
Npower	Accept	Accept	The promotion of efficiency in the implementation and administration of this Agreement and the arrangements under it.	none
ENGIE	Accept	Accept	General Objective 4 - Yes, it promotes efficiency by giving suppliers sufficient time to on board customers prior to providing data to TRAS.	No comments provided
