Amendments to CDCM LV Substation Tariff 'Note 5'

Amend Note 5 to paragraph 141 of Schedule 16 as follows:

Note 5: ~~Note 3 above for LV substation tariffs will be applied if a customer or its supplier provides evidence demonstrating to the DNO Party's reasonable satisfaction, that the requirements of note 3 are met.~~ Where a customer or its supplier requests a DNO Party to confirm if a connection may be eligible for an LV Sub tariff ~~To determine whether such evidence is sufficient,~~ the DNO Party will investigate and reach a decision, taking account of any supporting information provided by the customer or supplier ~~based on the evidence supplied~~ and any additional information that is available to it. Administration charges (to cover reasonable costs) may apply if a technical assessment or site visit is required, but shall not be applied where the DNO Party agrees to the change of tariff request. In all circumstances ~~Where a DNO Party decides or agrees that a customer should be moved to the~~ an LV ~~sSubstation~~ tariff, the new tariff charges will be applied in the next calendar month following the DNO Party's decision or agreement. Where a customer is already registered on an LV ~~sSubstation~~ tariff they will remain so.
