

DCP 270 Working Group Minutes

Meeting Name	DCP 270 'Removal of HV Medium tariff from CDCM'
Meeting Number	02
Date	20 July 2016
Time	10:00am
Venue	Web-Conference

Attendee	Company
Claire Hynes [CH] (Chair)	ElectraLink
Chris Ong [CO]	UK Power Networks
Dave Wornell [DW]	Western Power Distribution
Lynda Carroll [LC]	Ofgem
Maria Hesketh [MH]	Scottish Power
Pat Wormald [PW]	Northern Powergrid
Tom Chevalier [TC]	Power Data Associates
Dan Fittock [DF] (Secretariat)	ElectraLink

1 ADMINISTRATION

- 1.1 The Working Group reviewed the "Competition Law Do's and Don'ts". All Working Group members agreed to be bound by the Competition Laws Do's and Don'ts for the duration of the meeting.
- 1.2 The Working Group reviewed minutes from the last meeting and TC noted that he believes he was in attendance but this was not recorded in the minutes. Electralink agreed to take an action to update the minutes accordingly.

ACTION: 02/01 - ELECTRALINK

2 REVIEW OF THE DCP 270 CONSULTATION RESPONSES

- 2.1 The Working Group reviewed and commented on the responses to the DCP 270 Consultation (Attachment 1) . Key highlights from this discussion are set out below:
 - Legal Text: Delete the remaining text in Schedule 16 Clause 84 as it referred to the tariffs being removed as a result of this CP and replace it with the words 'Not used' (Please see Attachment 3);
 - Implementation Date: Maintain the implementation date of 01 April 2018 as the migration of customers on these tariffs under P272¹ should be completed on the 01 April 2017. The implementation date builds in an extra year by which Suppliers would be expected to be in compliance with the P272 requirements.
 - Members noted that the removal of these DUoS tariffs is as a result of the P272 migration whereby these tariffs become obsolete and should be removed from the CDCM. On consideration of a consultation response, the Working Group clarified that in

¹ P272 - 'Mandated Half Hourly Settlement for Profile Classes 5 -8' (<https://www.elexon.co.uk/mod-proposal/p272-mandatory-half-hourly-settlement-for-profile-classes-5-8/>)

this instance the removal of the DUoS tariff is not intended as a way to influence customers but the removal of their meter under previously approved P272 is.

- Default Capacity: For customers moving to a HH tariff, an agreed capacity would be required, where a value is not already agreed between the Customer and the DNO. The Working Group agreed that due to DNO's having their own individual methods of calculating maximum capacity the reference to a default capacity of 71 kVA is not required in this change; and

3 REVIEW OF THE WORK PLAN

- 3.1 The Working Group reviewed and agreed the proposed Work Plan which acts as Attachment 2.

4 NEXT STEPS

- 4.1 The Working Group agreed that the next steps are:

- ElectraLink to submit the draft legal text to the DCUSA legal advisor for a period of two weeks and to share the updated legal drafting with Working Group members on receipt;

ACTION: 02/02 - ELECTRALINK

- ElectraLink to submit a Modelling Request to the DCUSA Panel for approval; and
- Issue the approved Modelling Request to the DCUSA Modelling Consultant with a request for a quick turnaround due to short timescales for this CP

ACTION: 02/02 - ELECTRALINK

- ElectraLink to compile a draft Change Report and circulate to the Working Group ex-committee, subject to any material comments submitted;
- Submit the Change Report to the DCUSA Panel on 10 August 2016;

ACTION: 02/03 - ELECTRALINK

- 4.2 Please see the attached Work Plan for further details (Attachment 2).

5 ANY OTHER BUSINESS

- 5.1 There were no items of any other business.

6 ATTACHMENTS

- Attachment 1 - Consultation Responses with Working Group comments
- Attachment 2 – DCP 270 Work Plan
- Attachment 3 – Amended Draft Legal Text
