<b>Change Proposal Intent</b>	
The intent of this Change Proposal is to undertake changes to DCUSA to cater for two Housekeeping changes; one covering DCUSA Housekeeping Log Number 78, and the other due to the inclusion of the legal text associated with DCP 170 within the DCUSA which resulted in an incorrect cross referencing issue.	
<b>Business Justification and Market Benefits</b>	
<b>Housekeeping change 78</b>	
Paragraph 16 contained within both Schedule 17 and 18 are the same. However there is a sub paragraph difference between the two. Paragraph 16.5 is split into two paragraphs (16.5 and 16.6) in Schedule 17 and not in Schedule 18, meaning that the paragraph numbering in these two schedules do not align. A housekeeping change has been raised to amend Schedule 18 such that it matches	

Schedule 17. There are consequential numbering changes to the rest of paragraph 16 within this schedule to ensure full alignment of the two.

#### **DCP 170 inclusion within DCUSA**

The inclusion of the legal text associated with DCP 170 within the DCUSA document resulted in the deletion of the text within clause 9.5 and renumbered the existing clause 9.6 and 9.7 to new Clauses 9.5 and 9.6 rather than putting 'not used' against Clause 9.5 as per the legal text requirements thereby retaining the existing cross references. The only impact is to the definition of Part 2 matters which refers to Clause 9.6 which is now incorrect. It is proposed to change the reference to Clause 9.5 rather than 9.6. There is no other consequential impact.

### **PART B – MANDATORY FOR NON CHARGING METHODOLOGIES CHANGE PROPOSALS**

#### **DCUSA Objectives**

### General Objectives:

Please tick the relevant boxes. [See Guidance Note 9]

- ☐ 1 The development, maintenance and operation by the DNO Parties and IDNO Parties of efficient, co-ordinated, and economical Distribution Networks
- ☐ 2 The facilitation of effective competition in the generation and supply of electricity and (so far as is consistent therewith) the promotion of such competition in the sale, distribution and purchase of electricity
- ☐ 3 The efficient discharge by the DNO Parties and IDNO Parties of obligations imposed upon them in their Distribution Licences
- ☒ 4 The promotion of efficiency in the implementation and administration of this Agreement
- ☐ 5 Compliance with the Regulation on Cross-Border Exchange in Electricity and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.

### **Detailed rationale for better facilitation of the DCUSA Objectives identified above**

This change will improve efficiency in the implementation and administration of the DCUSA arrangements by aligning both Schedule 17 and 18 where paragraph 16 is the same in both schedules and by ensuring that the cross referencing of clauses is correct. This will avoid any administrative queries raised by Parties regarding the misalignment and ensure that DCUSA is as accurate and easy to read as possible.

## **PART C – MANDATORY FOR CHARGING METHODOLOGIES CHANGE PROPOSALS**

### **DCUSA Charging Objectives**

Please tick the relevant boxes. [See Guidance Note 11]

#### Charging Objectives:

- ☐ 1 that compliance by each DNO Party with the Charging Methodologies facilitates the discharge by the DNO Party of the obligations imposed on it under the Act and by its Distribution Licence
- ☐ 2 that compliance by each DNO Party with the Charging Methodologies facilitates competition in the generation and supply of electricity and will not restrict, distort, or prevent competition in the transmission or distribution of electricity or in participation in the operation of an Interconnector (as defined in the Distribution Licences)
- ☐ 3 that compliance by each DNO Party with the Charging Methodologies results in charges which, so far as is reasonably practicable after taking account of implementation costs, reflect the costs incurred, or reasonably expected to be incurred, by the DNO Party in its Distribution Business
- ☐ 4 that, so far as is consistent with Clauses 3.2.1 to 3.2.3, the Charging Methodologies, so far as is reasonably practicable, properly take account of developments in each DNO Party's Distribution Business
- ☐ 5 that compliance by each DNO Party with the Charging Methodologies facilitates compliance with the Regulation on Cross-Border Exchange in Electricity and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.

General Objectives:

- ☐ 1 The development, maintenance and operation by the DNO Parties and IDNO Parties of efficient, co-ordinated, and economical Distribution Networks
- ☐ 2 The facilitation of effective competition in the generation and supply of electricity and (so far as is consistent therewith) the promotion of such competition in the sale, distribution and purchase of electricity
- ☐ 3 The efficient discharge by the DNO Parties and IDNO Parties of obligations imposed upon them in their Distribution Licences
- ☐ 4 The promotion of efficiency in the implementation and administration of this Agreement
- ☐ 5 Compliance with the Regulation on Cross-Border Exchange in Electricity and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.
