

## DCP 200 Legal Text

### Contestable Works for Unmetered Supplies

#### **Amend DCUSA Schedule 22, paragraph 1.50 as follows:**

1.50 You may elect to appoint an accredited ICP to carry out the Contestable Work for unmetered connections. The ICP will be allowed to carry out live jointing on low voltage, ~~single phase,~~ underground ~~service cables more than one metre from the distributing main.~~ Where you use an ICP, ~~a triangular arrangements~~ must first be established as follows:

- You will enter into an agreement with the ICP to carry out and complete the Contestable Work; and
- We will enter into an agreement and/or an Adoption Agreement with you and/or your appointed ICP agent as appropriate;.
- ~~We will enter into an enabling agreement with the ICP to allow the ICP to work on the Distribution System (this may be the same document as the Adoption Agreement).~~
