2 BACKGROUND AND SUMMARY OF DCP 193 - PANEL EDITING CHANGE REPORTS

- 2.1 DCP 193 has been raised by Eastern Power Networks following discussions by the DCUSA Panel, which had undertaken a project to review certain aspects of the change process. The Change Proposal (CP) seeks to clarify that the DCUSA Panel may make edits to the Change Report prior to submitting it to the Voting Procedure.
- 2.2 In reviewing Change Reports at its monthly meetings there have been occasions where typographical errors, improper allegations, or poor language have occurred. The Panel has no right at present to make edits to Change Reports in order to correct such issues where it believe it is judicial to do so. This is despite the Working Group acting for the Panel. DCP 193 seeks to address this by amending the DCUSA to enable the Panel to edit Change Reports so long as such edits do not alter the substance of the report.
- 2.3 Additional details on the proposed change can be found in the CP form provided as Attachment C.

3 PROPOSED LEGAL DRAFTING

- 3.1 The draft legal text for DCP 193 has been reviewed by Wragge & Co and is provided as Attachment A.
- 3.2 The legal drafting will add a new Clause 11.23.4 to the DCUSA that specifies that the Panel may direct the Secretariat to amend the Change Report *"to clarify or correct typographical errors in the Change Report or make other amendments which do not*

alter the substance of the Change Report”.
