

DCP 136 Legal Drafting

Amendment to Schedule 16, paragraph 19

19. The network model consists of a costed design for an increment to the DNO Party's network. The DNO Party may only change this costed design with effect from 1 April. The DNO Party must provide notice of any such change in the Annual Review Pack to be published by the third Working Day of January in the calendar year prior to the calendar year in which such 1 April occurs (so as to provide approximately 15 months' prior notice of such change).

Amendment to Schedule 16, paragraph 33

33. For each service model, the DNO Party estimates the number and types of connections that the model covers, and a total construction cost for the assets in the model. The DNO Party may only change the construction cost of any service model with effect from 1 April. The DNO Party must provide notice of any such change in the Annual Review Pack to be published by the third Working Day of January in the calendar year prior to the calendar year in which such 1 April occurs (so as to provide approximately 15 months' prior notice of such change).
