## 2 DCP 072 (URGENT) – ENVIRONMENTAL ASSESSMENT OF CPs

- 2.1 DCP 072 has been raised by EDF Energy Networks on behalf of the Panel to reflect the Distribution Licence changes as a consequence of Ofgem's Code Governance Review.
- 2.2 The Distribution Licence will be amended with effect from 31 December 2010 to include a new 9(A) as follows (Para 6 shown for context):
- 6. The procedures contained in the DCUSA for the making of amendments to the DCUSA must have as their objective the achievement of the matters set out in the following provisions of this Part C.....*
- (9A) They must ensure that the evaluation required under paragraph 9 in respect of the Applicable DCUSA Objective(s) includes, where the impact is likely to be material, an assessment of the impact of the proposed amendment on greenhouse gas emissions, to be conducted in accordance with any such guidance (on the treatment of carbon costs and evaluation of the impact on greenhouse gas emissions) as may be issued by the Authority from time to time.*
- 2.3 The procedures within the DCUSA must be amended to reflect this new requirement. For completeness, Working Group Terms of Reference and the Change Process Guideline will also be updated, subject to the approval of this CP.

### 3 PROPOSED AMENDMENT AND LEGAL DRAFTING

- 3.1 The proposed legal drafting for DCP 072 has been reviewed by Wragge and Co and is attached as Appendix A.
- 3.2 Under the proposed drafting for DCP 072, the Change Proposer can give views on the environmental impact (clause 10.4); the Working Group must consider and assess the impact (clause 11.14); and the Working Group must report on the assessment (clause 11.20). In refining a change proposal and deciding which change proposal it prefers, the Working Group must have regard to the DCUSA Objectives alone (licence condition 22.12).

### 4 ASSESSMENT AGAINST THE DCUSA OBJECTIVES

- 4.1 It is considered that the Change Proposal will better facilitate DCUSA Objective 3.1.31 as it will ensure that the DCUSA change process reflects the requirements set out in the Distribution Licence.

### 5 IMPLEMENTATION

- 5.1 The CP has been categorised as 'urgent' in accordance with Clause 10.7.3 as it is linked to an imminent date related event – the implementation of changes to the Distribution Licence on 31 December 2010.
- 5.2 This CP is deemed to be a Part 1 matter in accordance with Clause 9.5.1 as it seeks to amend Part 1C, Clause 10 of the Agreement.
