**ACTION: EL**

## **3 DCP 021 – DISTRIBUTION STANDARD LICENCE CONDITION 4A REVIEW (DCP009) AFFECTING SECTION 2B**

- 3.1 JL informed the group that the purpose of DCP 021 was to reflect the revisions to the SLC 4A statement in Section 2B of the DCUSA. Members noted that DCP 009 had already made the required changes to Section 2A of the Agreement but as the introduction of Section 2B (DCP 012) had not been approved when DCP 009 was being progressed DCUSA was unable to make the changes in parallel. Members agreed that they were supportive of the principle of the CP.

## **4 DCP 021 – LEGAL DRAFTING**

- 4.1 JL informed the group that he had mirrored the approved drafting from DCP 009 into DCP 021 as a starting point but recognised that not all the Clauses would be applicable for Distributor to Distributor relationships. Members agreed that this was a pragmatic approach.
- 4.2 The Working Group walked through the proposed legal drafting noting that the definition section would need to be updated following the implementation of DCP 020 on 09 May 2008.
- 4.3 Having reviewed the proposed legal text, the Working Group agreed:
- That the proposed definitions were appropriate.
  - The proposed amendment to Clause 9.5.3 to delete references to 'Use of System' as the Clauses 43.1 and 43.2 cover broader charges.
  - The proposed addition to Clause 19.1 to refer specifically to Section 2A. Members agreed that this area should be specifically highlighted to Supplier Parties as part of the consultation exercise.
  - The deletion of reference to 'Use of System' in Clause 36.4.3 and the addition of a reference to 'Connection Points on the Company's Distribution System'.
  - The amendment to Clause 43 to align it with Clause 19.1 in Section 2A.
  - The amalgamation of Clauses 43.1 and 43.2 in line with Clause 19.1 in Section 2A.

- To delete Clauses 43.2.2 and 43.2.3 of the revised text as none of the services referenced are applicable in Distributor to Distributor relationships.
  - The amendment of charges to Charges in Clause 43.3 to reflect Clause 19.3 of Section 2A.
  - The deletion of the reference to Transactional Charges in Clause 43.9 in line with Clause 19.8 of Section 2A.
  - The re-drafting of Clause 44.1 to reflect Clause 21.1 of Section 2A.
  - The deletion of the last sentence of Clause 45.1 as it is not relevant to Distributor to Distributor relationships. Such a deletion results in no amendment to Clause 45.1 and would therefore not form part of the Change Proposal.
- 4.4 JL agreed to re-draft the proposed legal text after the implementation of DCP 020 (09 May 2008) so that the definitions will be based on v2.2 of the DCUSA.

## 5 REVIEW OF DCUSA OBJECTIVES

5.1 Working Group members noted that ENW Limited considered that DCUSA Objective 4<sup>1</sup> is better facilitated by the proposal because it will ensure that the DCUSA fully reflects the Licence changes and is accurate. Members agreed with JL and also suggested that, as with DCP 009, the CP would better facilitate Objective 3<sup>2</sup> by:

- Providing further clarity, consistency and transparency of the services covered by the Relevant Charging Statements; and
- Implementing an enduring solution to facilitate the enhanced regime being put into place by the revision to the SLC 4a statement.

## 6 DCP 021 VARIATIONS

6.1 Working Group members considered that they were satisfied with the principle of the proposal and proposed solution and did not wish to raise any alternative proposals.
