SP Distribution	ACCEPT	ACCEPT	<p>SPEN is wholly supportive of DCP039 and recognises the requirement to progress this as an "urgent" change proposal given the anticipated start date for the revised charging methodology is April 2009.</p> <p>Whilst SPEN agrees with the proposer (for the reasons stated above) that DCP039 should be progressed in isolation to similar changes being made in respect of the notice periods to be given to Suppliers, SPEN</p>

			believes it appropriate that, where possible and appropriate, there should be consistency between the two and that future consideration should be given to the adoption of similar changes to DCUSA Clause 19.1.
