1. Administration

- 1.1 The Chair welcomed the members to the meeting and noted there were no apologies.
- 1.2 The Working Group reviewed the “Competition Law Guidance”. All Working Group members agreed to be bound by the Competition Law Guidance for the duration of the meeting.
- 1.3 It was noted that the wrong version of the minutes was circulated post meeting number 2. The correct version has been attached to these minutes (Attachment 1).

2. Purpose of the Meeting

- 2.1 The Chair noted that the purpose of this meeting was to review and finalise the DCP 386 Change Report and legal text which was circulated prior to the meeting.

3. Review and Finalise DCP 386 Legal Text

- 3.1 The Working Group reviewed the DCP 386 legal text comments received from the legal advisors. Key points to discussions can be found below:
 - The Working agreed with the advice to make the Clause 17.10B (rather than 17.10A) as it applies to all connections (not just those with non-standard terms).
 - It was suggested that with the word “purporting” in the legal text the additional wording “and who can show a reasonable cause for requiring the information” may not be required. After reviewing the Working Group agreed to keep the existing wording as is currently drafted.
 - The Working Group agreed that “constraints” did not need to be defined.
 - The Working Group agreed with the proposed amendments to the NTC legal text, to align with the proposed changes to Clause 17.10B.

- 3.2 The final version of the legal text can be found in Attachment 2.

4. Review and Finalise DCP 386 Change Report

- 4.1 The Working Group reviewed the draft DCP 386 Change Report which was circulated prior to the meeting. Key points to discussions can be found below:
 - Some minor grammatical amendments were made.
 - It was noted that the confidential consultation responses will not be shared on the website or in the published Change Report but will be provided to Ofgem when issuing for their decision.
- 4.2 The final version of the DCP 386 Change Report can be found in Attachment 2.

Post Meeting Note

- 4.3 The DCP 386 Change Report was issued to the DCUSA Panel on 12 January. It will be reviewed at the Panel meeting scheduled for 19 January and if approved will be issued for voting on 21 January, with a deadline for responses set for 11 February.
