Smart Meter Installs

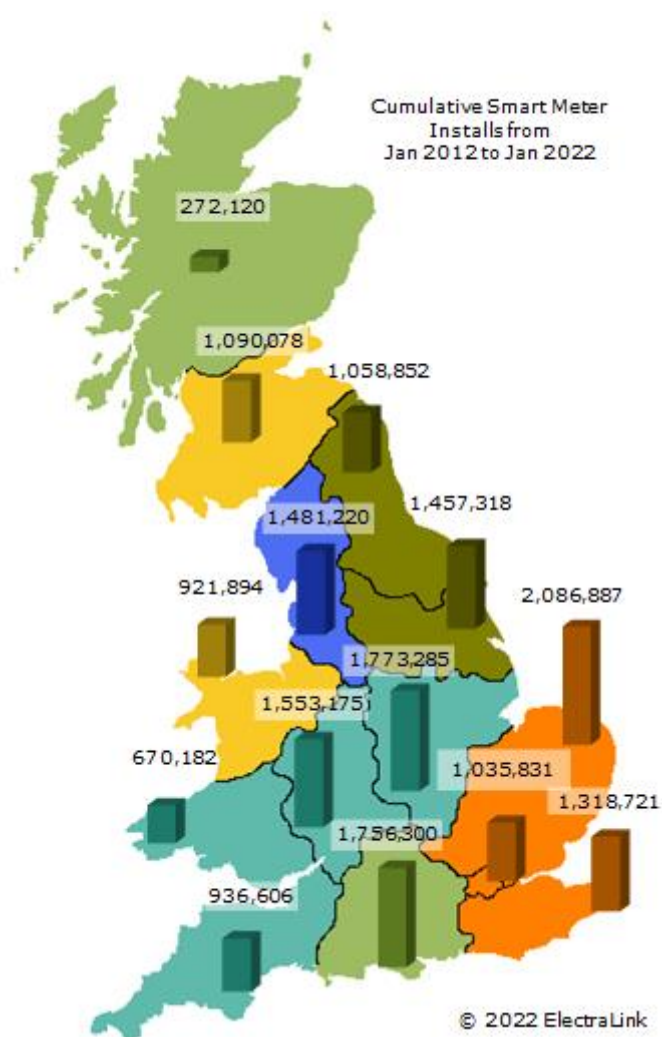

This paper provides an overview of the cumulative smart meter installs for January 2022.

1 Overview

- 1.1 ElectraLink currently publishes an extract of smart meter installs on its website and is able to provide a comprehensive market-wide dataset covering meter installations, DNO and site visit issues undertaken by all Suppliers for electricity installs going back to Jan 2012. The graph below shows the smart meter installs for January 2022, which indicate that **184,979** SMETS meters were installed.

- 1.2 The graph below shows the cumulative smart meter installs from January 2012 to January 2022, which indicates that **17,412,469** SMETS meters have been installed:

2 Twelve Month Smart Meter Install Figures

- 2.1 Attachment 1 shows the smart meter installs for the last twelve months.

3 Recommendations

- 3.1 The IWG is invited to:
