

**DCP 433: Limitation for backdating of rebates/charges under Schedule 32**

**Legal Drafting**

**Amend Paragraph 6 of Schedule 32 (Residual Charging Bands) as follows:**

...

6.10 On or before 15 September of the Annual Allocation Review, the DNO/IDNO Party shall provide each Supplier Party with a list of each and every MPAN associated with a Non-Domestic Premises that is connected to the DNO/IDNO Party's Distribution System that has been reallocated to a New Charging Band as a result of the Annual Allocation Review, identifying the Old Charging Band and the New Charging Band and LLFC Id to which each such MPAN has been reallocated, ~~and the LLFC Id which is assigned to the MPAN.~~

~~6.11 The New Charging Band will be effective from the later of 1 August of the prior year or the date on which the Old Charging Band was applied. Charging band reallocations are actioned by amending the LLFC Id assigned to the MPAN, which must be completed by the DNO/IDNO Party before the date of the Final Reconciliation Settlement Run (as defined in the BSC) for 1 August of the prior year.~~

~~6.12+ Reallocation of a Final Demand Site to a New Charging Band in accordance with Paragraph 6.11 may result in the Registrant for the Final Demand Site being either eligible for a rebate or subject to an additional charge ~~both of which shall be backdated to the date on which the Final Demand Site was first charged the Old Charging Band residual fixed charge. The New Charging Band will be applied from the next billing period.~~~~
