<b>Postal Address:</b>	Bright Building, Manchester Science Park, Pencroft Way, Manchester, England, M15 6GZ

### Application Confirmation

The Applicant hereby applies to be admitted as a Party to the DCUSA.  
Application submitted via email. Y

<sup>1</sup> A Market Domain ID is also known as a Market Participant ID (MPID) which is a 4 letter identifier held in Market Domain Data (MDD), which is the central repository of reference data used by Suppliers (and their agents) and DNOs/IDNOs in the retail electricity market. MDD is managed by Elexon. MPIDs will be associated with one or more Role Codes indicating which industry roles a company undertakes.

<sup>2</sup> Emergency SRN means an Emergency Security Restriction Notice (SRN) which may be issued by a distributor to a Supplier where in the distributor's opinion there is an immediate risk to Security of Supply. Applicants are to provide a contact telephone number that is reachable 24 hours a day which will be used by a distributor if there is a need to issue an Emergency SRN in the event of a significant network issue.
