<sup>1</sup> A Market Domain ID is also known as a Market Participant ID (MPID) which is a 4 letter identifier held in Market Domain Data (MDD), which is the central repository of reference data used by Suppliers (and their agents) and DNOs/IDNOs in the retail electricity market. MDD is managed by Elexon. MPIDs will be associated with one or more Role Codes indicating which industry roles a company undertakes.

<sup>2</sup> This should be a contact telephone number that is reachable 24 hours a day which will be used by a distributor to contact you in the event of a significant network issue.
