Electricity North West Limited	Accept	Accept	ENWL believes this better facilitates DCUSA General Objective 4, reducing risk of reader confusion.	ENWL were slightly disappointed to see this progressing as a separate mod and not as part of the Secretariat's expected housekeeping mod. Every mod has an administrative burden on Parties and other stakeholders. The proposal also did not indicate whether there had ever been actual consequences (other than 'scrolling') e.g. a reader mistaking the section they were in and thereby an error of understanding.
