BOARD FEEDBACK

User Story

1258

As a Secretariat receiving the weekly change proposal validation report,

I want the checklist to include a check for the draft legal text document being added to the quick links section,

So that we are alerted when it is missing from a change proposal page.

User Story

1257

As a DCUSA user viewing the “Download by Section” modal

I want each section and schedule to be clearly identifiable as a downloadable link,

So that I can immediately understand which items are clickable and download the specific section I need.

BUG FIX

User Story

1125

As a DCUSA user viewing a working group page,

I want meeting dates and times to be displayed in a clear user-friendly and unambiguous format,

So that I can immediately understand when the meeting is scheduled without confusion.
