Meeting Session	Interventions Working Group
Paper Reference	IWG 90
Action	For Decision

Actions

This paper outlines the actions for the Interventions Working Group.

Open Actions

Action Ref.	Action	Owner	Update
70/01	PS/PH/RH to provide the group with trial updates of reporting B11 codes.	PS/PH/RH	**Ongoing Action.** Latest update – 05/11/2025 - PM advised that UKPN are looking at something similar in the London area, with street works. PM added that it would be beneficial to receive further updates on this action.
70/04	DNO representatives to gather some examples and feedback of how the online form has been of benefit to both DNOs and MOPs.	All Members	**Ongoing Action.** Latest update – 28/10/2026 – Work by the DCP 467 'Online reporting tools for Category A and B defects' Working Group is ongoing. The group are meeting on 05 November to discuss the Change Report and Legal Text.

74/02	Chair to reach out to GH in relation to adding the asbestos gallery to the AMO asbestos guidance document.	Chair	**Ongoing Action.** Latest update – 02/09/2026 – DB advised that he is still waiting for a final review from the Talan metering team. DB noted he will continue to chase this.
76/01	The Chair to contact Martyn Allen (Electrical Safety First) to discuss potential guidance relating to the use of clamp type isolators.	Chair	**Ongoing Action.** Latest update – 02/09/2026 – Members felt they did not need to form a subgroup to update the guidance, just that the guidance should be circulated more widely. The Chair is awaiting a response from ESF.
83/01	The Chair to investigate how the SIP function is working, including the following: • Liaise with REC regarding what work they have completed so far on the SIP review, including whether a survey has been issued to SIPs asking for their feedback. • Investigate whether there is a REC obligation for DNOs to report safety issues following SIP work (SIP equivalent to DCUSA 30.18) or whether a DCP is needed to add this to DCUSA along with an obligation for SIPs to provide contacts for DNOs to report safety issues to. • Progress guidance video to explain what a SIP is and what the requirements of becoming a SIP are. • Investigate feasibility of SIPs disclosing the scope of work they provide and areas of the country they work in.	Chair	**Ongoing Action.** Latest update – 02/09/2026 – The Chair advised that there is currently a REC Working Group working to make the SIP role a standalone party. The Chair added that a DCUSA change will be needed eventually but this will depend on the agreed REC solution. Regarding the video, the Chair noted that they are waiting for this Working Group to conclude before producing the video with REC.
85/01	Members to raise the 'MSDB with Open Fuseways' issue at the STIG and feed back to IWG members at the next meeting.	Members	**Ongoing Action.** Latest update – 02/09/2026 – RB advised that this has been discussed previously at the STIG but that there has not been a final outcome. RB noted that there are shrouds/covers that can be fitted but that there are different types etc. and not all fit well depending on the equipment. JH added that they have

			been investigating this and have approached some Suppliers and MOPs to ask what they carry in terms of shrouds etc. JH added that work is still ongoing and that they will raise this at the next STIG and will provide an update at the November IWG meeting.
89/01	The Chair to organise a meeting to progress the work regarding Data Quality on the DTN.	Chair	**Action closed.** Latest update – 28/10/2026 – Meeting scheduled to be held immediately following the IWG.
89/02	The Chair to add a standing item to the agenda to provide a paper and update regarding the progress of the REC SIP change at every IWG meeting.	Chair	**Action closed.** Latest update – 28/10/2026 – Item added to the agenda. Will remain on as a standing item.
