1 Summary

What?

1.1 The DCUSA contains references to the Energy Network Association (ENA) address for signposting the National Terms of Connection, allowing connectees to write to the ENA and request a copy. This address needs updating.

Why?

1.2 The ENA has changed its registered address

How?

1.3 Update DCUSA to refer to the new address.

Who?

1.4 This will mainly impact Suppliers via Schedule 2A who will have to change their supply contracts. However, it is understood that there is a mail forwarding arrangement in the short term.

2 Governance

Proposers view on criteria for a CP to be considered Urgent

2.1 Does the Change Proposal relate to a current or imminent issue that if not urgently addressed may cause:

(Select all that apply)

- ☒ significant adverse commercial impact upon the Parties (or a class of Party), electricity consumers and/or any other person?
- ☐ significant adverse impact on the safety and security of the Distribution Network?
- ☐ one or more Parties to be in breach of the Relevant Instruments or other law?
- ☐ None of the Above

Proposers view on criteria for a CP to be considered a Part 1 Matter

2.2 Do you believe this Change Proposal: *(Select all that apply)

- ☒ is likely to have a significant impact on the interests of electricity consumers?
- ☐ is likely to have a significant impact on competition in one or more of: the generation of electricity; the distribution of electricity; the supply of electricity; and any commercial activities connected with the generation, distribution or supply of electricity?
- ☐ is likely to discriminate in its effects between one Party (or class of Parties) and another Party (or class of Parties)?
- ☐ is directly related to the safety or security of the Distribution Network?
- ☐ amends the governance or the change control arrangements applying to this Agreement?
- ☐ None of the Above

Proposers view on criteria for a CP to be progressed to a Working Group or straight to the Change Report phase

2.3 This CP should progress straight to Change Report.

Suggested progression route for this CP

2.4 Based on the answers provided above I believe that this Change Proposal should:

- Be treated as a Part 2 Matter;
- Be treated as an Urgent Change; and
- Proceed to the Change Report phase.

2.5 This is a simple change but needs to be in place quickly so that Suppliers can amend their supply contracts as required.

Proposer's view on prioritisation

Prioritisation Criteria	High Impact
Strategic Direction Statement Alignment: *The CP strongly supports key government energy policy actions that require immediate progress and aligns with SDS priorities under the Act Now category.*	**No** I do not believe that this CP strongly supports key government energy policy actions that require immediate progress nor does it align to any items contained in the SDS.
Complexity: *The CP is highly complex, with a fast-approaching deadline, significant implementation challenges, and a requirement for extensive stakeholder engagement.*	**No** This is a simple change to effect.
Importance: *The CP addresses a high-risk or critical issue, making timely action important for stakeholders as it is anticipated to deliver substantial benefits and value.*	**Yes** Connection agreements need to be in place.
Priority Category: *(To be considered High priority all 3 Criteria must be High Impact.)*	**High**

2.6 This is an urgent change so I don't expect these to apply but I understand I must fill them in. It is high priority due to the risk that connection agreements may not be in place.

3 Reasons for raising the Change Proposal

3.1 The ENA has moved offices.

4 Solution and Legal Text

Solution Overview

4.1 Replace the office address throughout the DCUSA.

© 2016 all rights reserved

Legal Text Amendments

4.2 I have provided some draft legal text which I believe will achieve the solution specified above and this is set out below for ease of reference:.

> *Replace "1st Floor, 4 More London Riverside, London, SE1 2AU"*
>
> *with "4th Floor, 30 Coleman Street, London EC2R 5AL"*
>
> *throughout*

Legal Text Commentary

4.3 This puts in the new address.

Addition/Amendment to DCUSA Owned Market Message (Data Flow) or Data Item

4.4 N/A

Market Message (Data Flow) / Data Item Commentary

4.5 N/A

5 Relevant Objectives

5.1 My view as to which of the DCUSA Objectives would be better facilitated by the implementation of this Change Proposal is set out below.

DCUSA General Objectives *(expand to select all that apply)

5.2 It makes references in the DCUSA accurate and protects the efficacy of the connection terms.

6 Impacts & Other Considerations

Impacts on any Significant Code Review (SCR) or other significant industry change projects

6.1 I do not believe that this CP impacts upon any current SCR or other significant industry change projects/

Impacts on Other Codes

6.2 I have considered whether any other industry codes might be impacted as a result of this Change Proposal, and my/our initial view is set out below.

Grid Code…… ☐ SEC… ☐ CUSC… ☐ None…… ☒

Distribution Code… ☐ REC…. ☐ BSC…… ☐

Impacts on DCUSA Owned Data Flows

6.3 I do not believe that this change will require any amendments to DCUSA owned Data Flows (Market Messages) or the applicable Scenario Variants or any Data Items.

Consumer Impacts

6.4 I do not believe that this change will impact consumers directly.

Environmental Impacts

6.5 In accordance with DCUSA Clause 10.4.5A, I have assessed whether there would be a material impact on greenhouse gas emissions if this CP were implemented. I have not identified any material impact on greenhouse gas emissions from the implementation of this CP.

7 Implementation

Lead Time for Implementation

7.1 None, but Clause 17 allows 6 months for Suppliers to update their contracts.

Proposed Implementation Date

7.2 01 December 2026.
