1 Summary

What?

1.1 The DCUSA contains references to the Energy Network Association (ENA) address for signposting the National Terms of Connection, allowing connectees to write to the ENA and request a copy. This address needs updating.

Why?

1.2 The ENA has changed its registered address.

How?

1.3 Update the DCUSA to refer to the new address.

2 Governance

2.1 This CP is a Part 2 Matter as although the issue identified may potentially have a significant impact on the interests of energy consumers, the solution presented resolves the issues. The solution needs to be implemented quickly so that CVA Registrants and Suppliers can amend their contracts as required.

3 Why Change?

3.1 The DCUSA contains references to the Energy Network Association (ENA) address for signposting the National Terms of Connection, allowing connectees to write to the ENA and request a copy. This address needs updating.

4 Relevant Objectives

4.1 For a DCUSA CP to be approved it must be demonstrated that it better facilitates the DCUSA Objectives. This CP is being assessed against the DCUSA General Objectives.

	DCUSA General Objectives	Identified impact
☑	The development, maintenance and operation by the DNO Parties and IDNO Parties of efficient, co-ordinated, and economical Distribution Networks	Positive
☐	The facilitation of effective competition in the generation and supply of electricity and (so far as is consistent therewith) the promotion of such competition in the sale, distribution and purchase of electricity	None
☐	The efficient discharge by the DNO Parties and IDNO Parties of obligations imposed upon them in their Distribution Licences	None
☑	The promotion of efficiency in the implementation and administration of the DCUSA	Positive
☐	Compliance with the EU Internal Market Regulation and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.	None

4.2 The proposed solution updates references to ENA's registered address in the DCUSA, therefore improving accuracy and protecting the efficacy of the connection terms.

5 Impacts & Other Considerations

Impacts on any Significant Code Review (SCR) or other significant industry change projects

5.1 There are no impacts to any current or future SCRs or other significant industry change projects.

Impacts on other Codes

5.2 There are no impacts on other codes.

Consumer Impacts

5.3 The solution will ensure the address provided for the ENA in contracts is correct, benefitting energy consumers.

Environmental Impacts

5.4 There are no environmental impacts as a result of this change proposal.

Are there any wider industry impacts?

5.5 There are no wider industry impacts as a result of this change proposal, however there will be administrative impacts on Parties due to the need to update contracts, templates, forms and websites. Parties may wish to review all their literature and online content to ensure the ENA address is updated.

6 Implementation

6.1 It is proposed to implement the solution on 01 December 2026.

6.2 As per Clause 17.3A of Section 2.A of the DCUSA, CVA Registrants and Suppliers will have six months following the implementation of the solution to update their supply contracts with the amended wording.

7 Legal Text

Legal Text Commentary

7.1 The proposed legal text replaces all instances of "1st Floor, 4 More London Riverside, London, SE1 2AU" with "4th Floor, 30 Coleman Street, London EC2R 5AL" throughout the relevant schedules and sections.

8 Code Specific Matters

Reference Documents

8.1 There are no additional reference documents included with this report.
